Subject: Public Notice Comments, Rocanville Stone, Tejon Quarries, M/027/087,  
Millard County, Utah

Dear Mr. Hamilton:

As a result of the Division's tentative approval for this site, which was published for 30-day public comment, we received the attached comments from the Governor's Office of Planning and Budget, Resource Development Coordinating Committee.

The only comment of any significance is the request by the Division of the Utah Geological Survey (UGS) that the project be evaluated as to the significance of the fossil invertebrates at this locality. A site visit has been arranged with the state paleontologist for June 1, 2005. UGS is concerned about access to this location for scientific investigations. Allowing them access to this location would satisfy their concerns.

Thank you for your assistance in this regard. We invite you to join us at the site visit on June 1, if you are available.

Sincerely,

Susan M. White  
Mining Program Coordinator  
Minerals Regulatory Program
